

ECDIS LTD COURSE OVERVIEW

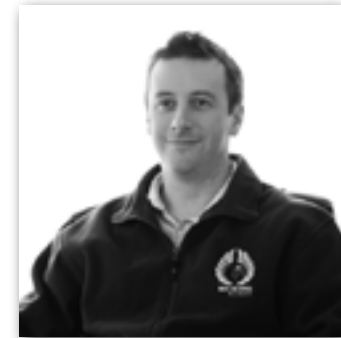

The Maritime Industry's most respected and
fully qualified trainers...

ABOUT US

Since opening in 2008, ECDIS Ltd has doubled in size every year and is now established as one of the world's most respected, endorsed independent ECDIS training companies, offering Generic and Type Specific courses for most of the 34 leading manufacturers of ECDIS. The company is housed in the new Enav Centre in Fareham, Hampshire, United Kingdom.

The Enav Centre also hosts several other exclusive companies that provide high calibre STCW training courses, ranging from bespoke Bridge Team Management through Crew Resource Management to Human Element Training and Command Assessment.

Mark Broster
Managing Director

“We offer a significant amount of help and support, please make an arrangement to come in for a visit.”

ECDIS TRAINING COURSES

ECDIS TRAINING COURSES

ECDIS Generic Course - 5 Day Course (MCA Approved)

This course has been designed for officers in charge of a navigational watch and for experienced mariners. Based on the IMO 1.27 model, we have optimised our course so it fulfills the 40 hour requirement as well as covering additional subjects that we consider pertinent to safe ECDIS operation. We also offer Mobile Generic ECDIS training anywhere in the world. We are able to visit you and conduct 'in house' training on your own systems, ensuring the highest level of understanding for you and your team.

ECDIS Type Specific Course - 1 Day Course

Our 1 day course has been designed for candidates who have completed IMO 1.27 model ECDIS generic training and now require specific training for the ECDIS systems that they have on-board their own vessel.

ECDIS Onboard Familiarisation - 1 Day Course

This course has been designed for candidates who have completed ECDIS generic training and now require onboard familiarisation training on their installed equipment. It's for officers in charge of a navigational watch, for experienced officers and other persons with navigational responsibilities.

To book please call us on +44 (0)1489 559677

BRIDGE TRAINING COURSES

I started the course with the mindset that the course would just give me a new certificate. I leave a lot more aware of my own behaviour / traits and how they can influence my work.

Robert Ovenden, Anglo Eastern

BRIDGE TRAINING COURSES

Bridge Team Management (BTM) - 5 Day Course (MCA Recognised)

A course for bridge team management skills aiming to enhance teamwork through carefully designed scenarios, which will test bridge team cohesion and decision making. Roles will be rotated through all members giving junior officers the chance to experience the pressures of leading a successful bridge team.

Bridge Resource Management (BRM) - 3 Day Course

The bridge resource management course brings together the practical and theoretical aspects of ship handling and bridge resource management. Lectures in the classroom are supported by practical sessions in the full mission bridge simulator in various roles and environments.

Bridge Procedures Course (BPC) - 1.5 Day Course

This advanced course on bridge procedures is for companies who wish to use their own fleet procedures to develop their bridge teams beyond the current requirements. We will put teams under controlled pressure ensuring that they to revert to using the basics for navigation and working as an effective team.

To book please call us on +44 (0)1489 559677

HELM TRAINING COURSES

“Very well managed facility and friendly staff, would definitely recommend to anyone”– Anirudh, Associated British Ports

HELM TRAINING COURSES

Human Element, Leadership & Management (HELM) Management Level - 5 Day Course (MCA Approved)

The HELM (M) course is required by the MCA for those who are applying for a new or renewal CoC at management level. The MCA state that you must include a certificate of completion of an approved HELM management level course with any application received by the MCA after 31st August 2013. The candidates will learn how to use managerial skills to control the operation of the ship and care for persons on board at the management level. The course will entail components made up of case studies, role play, scenarios, simulation and team exercises.

HELM Operational Level - 3 Day Course (MCA Approved)

The HELM (O) course has been designed for candidates to learn how to control the operation of the ship and care for persons on board at the operational level. Candidates seeking certification under:

- STCW Regulation II/1 - officers in charge of a navigational watch on seagoing ships of 500 GT or more.
- STCW Regulation III/1 - officers in charge of an engineering watch in a manned engine-room or as designated duty engineers in a periodically unmanned engine-room.
- STCW Regulation III/6 - electro-technical officers.

OUR CUSTOMER'S PERSPECTIVE

of our customers would rate our overall course as excellent.

'Feel much more confident with ECDIS and understand its benefits and weaknesses'

of our customers would rate our facility as excellent.

'Great to see other ECDIS manufacturers on display'

of our customers would rate our subject knowledge as excellent.

'One of, if not, the best maritime course I have ever been on'

10 REASONS TO CHOOSE ECDIS LTD

- 1. Our Trainers**
All of our trainers are specialist navigators, highly experienced in the practical use of ECDIS. Combined, our trainers have taught over 1000 mariners.

- 2. Our Technology**
We continuously push the boundaries of technology in order to make our ambition a reality.

- 3. Our Commitment**
We are committed to the pursuit of safer navigation training and standards across the world.

- 4. Our Flexibility**
The flexibility of our training means that we can train you on the smallest ECDIS systems for yachts, through to large groups of merchant ship ECDIS systems.

- 5. Our Expertise**
Trusted advisor to over 60 major shipping companies in over 40 countries for ECDIS support.

- 6. Our Courses**
Our courses are designed for mariners by mariners, delivered from our facility or anywhere in the world.

- 7. Our Facility**
Our facility is home to a range of ECDIS manufacturers and a full mission simulator, making the learning experience unrivalled.

- 8. Our Mission**
To maintain the position as world leaders in the provision of ECDIS training, consultation and mandation solutions in the electronic charting era.

- 9. Our Customers**
We have a diverse range of customers from large oil companies to individual mariners.

- 10. Our Simple Booking Process**
Call us on 01489 559 677 and book your place today.
