ECDIS Ltd is continuing its series of international seminars in Dubai, training maritime inspectors on best practice for marine risk reduction.

[Whiteley, Hampshire March 2016] ECDIS Ltd's International Seminars are getting exceptional feedback from their many delegates in Dubai.

The seminar titled "ECDIS Inspections: Marine Risk Reduction, Detentions & Best Practice" provides the delegates with practical, insightful knowledge of the best ways to prevent lengthy, costly port detentions; something which all global shipping companies want to avoid.

Yet again, speakers Mark Broster and Robyn Harrigan have been proficiently sharing their professional knowledge to a keen audience.

"The seminar was very informative because of highly experienced speakers Mark Broster & Robyn Harrigan. - Gulf Circle Marine

"It was really very beneficial to develop & enhance the professional skills and I highly recommend that such type of events should be arranged by ECDIS Ltd on a regular basis which provide a good chance to be able to use the innovative new technology for day to day needs in Marine industry" - Gulf Marine Circle

The beautiful surrounds and superb venue, as well as friendly staff in Dubai, made the team feel very welcome, and provided the perfect learning environment. Because of this, ECDIS Ltd are hoping to return there later this year to again provide the maritime industry with invaluable knowledge on detentions and risk reduction.
