

eMaritime Group Offer Range of Maritime Discounts

eMaritime group have released their latest list of Global Maritime Discounts.

The discounts are available on a wide range of their products and services. This includes their unique "Price Match" guarantee across all MCA Approved training courses such as ECDIS generic, HELM O and M, 6.09 and 6.10 train the trainer courses as well as Bridge Team Management, ECDIS Type Specific and the ACAT online training package.

There are also discounts available on ENC charts, the company claim to be the cheapest in the world and invite companies to test this out by asking for a no-obligation quote. Simulators have been a big part of eMaritime Groups success since its inception and so discounted pricing is available on a both new and previously owned Simulators.

"These are not temporary short term discounts, we are proud of our world-class products and services and are so confident that we offer the very best that we refuse to be beaten on price. We know finances can be tight for companies, but why should they have to compromise on quality"

- Mark Broster, eMaritime Group Managing Director
